HOW IT WORKS

The Full-time online learning program runs in the **mornings** from Monday to Friday between 8.30am and 1pm (South African Time). It is meant for learners (young or adults) who are available in the mornings every day to take lessons.

An alternative for those who need to study or supplement O Level or A Level subjects is the **Part Time Online Tuition** which is offered in the **afternoons** (Btn 2.30 and 5.30pm) & **Evenings** (Btn 6 and 7.30pm): Mondays to Fridays. Saturdays (Btn 9am - 1pm) but this depends on demand. WhatsApp us on +27 73 298 5120 to request for a Part-Time Fees Brochure

Registered students receive monthly or termly study material prior to commencing their lessons.

Subjects and lessons are taught **live** via Zoom (or other preferred application) following the daily timetable. Lessons are not recorded, so one must make every effort not to miss a lesson. Learners are expected to take notes during lessons.

Registration fee applies to new students only

Study durations can either be up-to **30 June** (If you are writing final exams in May-June) or **31 December** (If you are writing final exams in Oct-Nov) of any particular year.
